Dreams and Their Meanings

Dreams do not always have meanings. Sometimes a dream refers to thoughts or conditions of the past and sometimes of the future. Dreams are frequently full of meaning and will teach us great and important lessons if we are willing to learn them, and know their real meaning. Both Sacred Writ and history prove this. During all the ages dreams have been recognized as frequently having a most important relationship to the future and revealing conditions that could not otherwise be understood. When the science of psychology becomes better understood, we shall have a better understanding of what dreams really mean. It must be remembered, however, that owing to certain psychological conditions, dreams are frequently obverse, like the view through the lens of a camera. It is, therefore, not wrong to say that they often go by contraries.

In this work it is impossible to give a complete Dictionary of Dreams, but if any person wishes the interpretation of any dream they do not find herein, it can be obtained without charge by writing Dr. T. A. Slocum.

"IT SAVED MY LIFE!"

Could She Say More?

"I owe my life to PSYCHINE, what better testimony could I possibly give," says Mrs. Wm. Wilson, of Essex, Ont., on August 21, 1908.

This was in response to an inquiry from the Dr. T. A. Slocum, Limited, as to whether the remarkable testimonial given by Mrs. Wilson, on May 27, 1904, still held good. At that time she said, "Some twelve years ago I was taken ill with a severe cold on my lungs. Night after night I was compelled to sit up all night to relieve myself of the pain in my lungs. For two years I doctored continually with three different doctors, but received no help whatever. A friend advised me to try your medicine, and I did so. Within two months from taking PSYCHINE I gained 30 pounds, and my health rapidly grew better and in a short time I was quite well. To-day I am a strong woman and owe my life to Dr. T. A. Slocum's medicine."

PSYCHINE is indeed a health giver, and the Greatest of Tonics, containing exceptionally Life-Giving properties.

USE YOUR OWN JUDGMENT

PSYCHINE is the prescription of one of the ablest and most experienced medical practitioners the world has seen. It is not an experiment, it is a cure.

There are times when a choice has to be taken between following the advice of a physician and taking the responsibility of using PSYCHINE without or in opposition to his advice. PSYCHINE has cured more people of more difficult and complex diseases than hundreds of doctors combined, and you have the fullest assurance that you will be perfectly safe and justifiable in taking PSYCHINE irrespective of any physician's advice, and even contrary to it. The physician that opposes its use is either out of date or prejudiced. TRY PSYCHINE NOW.

Use Psychine Early. Don't Wait Till You Are Worse

Truth Stranger than Fiction

DOCTOR GAVE UP HOPE

John A. Galbraith is a well-to-do farmer, living in Plympton Township, about five miles from Forest. He enjoyed good health until early in 1906, when he had a severe attack of pleuro-pneumonia, which apparently broke up his whole system.

HE SAYS, "I did not seem able to gain any strength after the attack of pneumonia. One doctor said that tuberculosis had developed, that I could not recover, and advised me to settle all my affairs as quickly as possible. This was the condition I was in when my pastor, Rev. C. E. Burrell, of the Baptist Church, advised me to try Psychine and procured for me a trial bottle. This was in May, 1906, and at that time I was reduced in weight to 120 pounds. The Psychine seemed to do good from the start, and I continued until I had used about \$15 worth from Scott's Drug Store, Forest. I gained in weight at the rate of half a pound a day until I went up to 150 pounds, steadily regaining my strength and feeling better. I actually had to have my clothes enlarged, not through any corpulency, but owing to a putting on a good flesh all over. I have resumed my work and have gone through this severe and sickly winter with nothing worse than an attack of grip, which my system was able to throw off without any serious result. "I give this statement for the purpose of showing how PSYCHINE has probably saved my life, and in the hope that others may be likewise benefitted by its use."

PASTOR BURRELL SAYS: "Mr. J. A. Galbraith is a prominent member of my church, trusted by his neighbors and very highly respected throughout the entire community. His case has attracted very considerable attention. His was a pitiable case, indeed; in the prime of life and with the brightest of prospects to be suddenly stricken down in the midst of it all. Visiting him after his physician had pronounced his case hopeless (and, indeed, set the date at about which he would likely pass away), and observing pretty closely his condition, it occurred to me that PSYCHINE, which I had used in my own family with wonderful results, might benefit him. I strongly recommended it to him, and he began its use. The result was truly wonderful. Almost immediately he began to improve and soon was able to be out again. He apparently regained his old health and was able to take up once again his old duties on his large farm and to perform them with comparative ease and comfort. The improvement was permanent, and he is to-day apparently just as well as ever. He gives all the credit for his recovery, under God, to PSYCHINE."

WHAT THE DRUGGIST SAID: "Mr. Galbraith obtained his supply of PSYCHINE at my drug store, saying from time to time that it had done him good. I took an interest in his case and noted a steady improvement. Altogether I sold him about \$15.00 worth. PSYCHINE is having a big run here, and so far as I know is always used with beneficial results." Ralph E. Scott, Druggist.

MY LUCKY DAY

Mr. Thomas Wylie (Box 384), Galt, says:—
"It was the luckiest day of my life when I struck **PSYCHINE**, for I truly believe I shouldn't be alive now but for that.

"A neglected cold was the beginning of my trouble, and what seemed to be a simple ailment, soon developed into a serious and dangerous condition. I got so low that it was scarcely possible for me to walk around, and I lost so much flesh that I looked like a skeleton. I was just about ready to 'hand in my checks,' although only 20 years of age. The medicine the doctor gave me made me worse and I got disgusted. Then I struck **PSYCHINE**.

"**PSYCHINE** did miracles for me. The first bottle gave me new life and courage, and in less than no time I began to put on flesh rapidly, and I felt I was on the high road to recovery. My appetite returned, and I 'ate like a hunter,' as the saying goes. My friends were surprised, and hardly knew me. In three months I was as strong and well as ever, and returned to work in the mill. I have not had a day's illness since. Nobody could wish for better health than I enjoy, and it is all owing to **PSYCHINE**. It should be in everybody's hands."

For Coughs, Colds, Loss of Appetite, Throat, Lung and Stomach Trouble, take PSYCHINE.

PSYCHINE builds up the general health so that the system is strong enough to throw off the first attack of germs. Take a treatment of **PSYCHINE** when you hear that La Grippe is in your neighborhood and you need not fear it.

GIRLHOOD VIGOR REGAINED

The difficulty with most women lies in the fact that while they are anxious about the health and welfare of their family and loved ones, they rarely ever pay attention to themselves until **Nature says stop**. To prevent this every woman should take **PSYCHINE** regularly. It creates an appetite and is the greatest of digestants. **PSYCHINE** is a boon to run-down, tired and over-worked women, for there is **LIFE IN EVERY DOSE**. Mrs. J. T. Miller, of 63 Notre Dame St., Winnipeg, proved this, for she says: "I am thankful for what **PSYCHINE** has done for me. I was laid up with weakness. Oh, how I suffered. My appetite was very poor and my stomach was greatly disordered. To-day I am strong and well, for **PSYCHINE** has brought me permanent relief. Baby suffered torture

BABY JEFFRIES, TORONTO.

ECZEMA CURED BY CUROL

Mrs. Jeffries, of 5 Defoe St., Toronto, says:—
 "My baby boy, three years old, suffered from a bad attack of Eczema. It irritated the little fellow so badly that he could not sleep at night. I took him to the drug store and got some salve made up for him, but this did no good. Two doctors treated him but were unable to relieve. One day a sample of CUROL was left at my house. I anointed baby with this and it did him so much good that I at once bought four boxes at a drug store on Queen St. He made good progress under the CUROL treatment and the little fellow can now sleep well. All itching has gone and he is cured of this irritating Eczema. I consider a wonderful salve such as CUROL is a boon to the working class for it is sold at a price well within our reach."

What CUROL is and Does

CUROL is a pure healing salve. It contains the best healing properties known to the medical world. There is a total absence of rancid, fatty substances so often found in cheap ointments, and CUROL does not cake, clog or become hard. It is immediately absorbed by the skin and thus penetrates to the seat of the disease. This fact alone makes CUROL popular.

The healing done by CUROL is well done, for it positively will not heal until the wound is clean and free from impurities. Not so with salves containing Zinc, Mercury, Lead, etc. These poisonous salves may heal quickly, but do a great deal of damage by driving the impurities into the body, often causing very serious consequences. You should shun such and use only a salve free from these harmful minerals. Such a salve is CUROL.

See that you ask for and get CUROL, the new healer. All druggists and dealers sell it. 25c. Box.

PSYCHINE MADE HER A ROBUST CHILD

OPERATION PROVED A FAILURE THREE DOCTORS GAVE HER UP.

It is not necessary for us to speak any words of our own, for the facts given below are strong enough to convince the most skeptical as to PSYCHINE's power to restore life and health. Mr. John Sykes, of Victoria Harbour, says:—"When Nellie was 6 months old she contracted a severe attack of whooping cough which left her with a wheezing cough. We tried everything we thought would be of any benefit, but nothing seemed to help her."

"When she was about 4 years of age, she had wasted away so much that she looked like a little skeleton. The doctor treated her for 2 or 3 months, but the child got worse, and the doctor said he could do nothing more. We called in another doctor who told us everything had been done and that the child could not get better."

"We decided to take the little thing to a Montreal doctor, who said her lungs were filled with puss and that she would have to undergo an operation if we would save her life. The next day he came down from Montreal and operated upon her, but the operation was a failure, as he was unable to get any puss from the lungs."

"We were disappointed, and fully thought little Nellie was not going to get better, but it was cruel to let her suffer so. At this time we heard what a wonderful medicine PSYCHINE was for the lungs. We had been reading some of the advertisements in the papers of people who had been cured through PSYCHINE. We thought it would suit our little girl, and so decided to give it a trial. This we did, and after Nellie had taken the first bottle we saw an improvement. Gradually the little girl began to fill out, and by the time we had used 8 or 9 bottles she was quite well. That was two years ago, and she is as well and robust to-day as the other children are."

"We have a great deal to be thankful for. We firmly believe little Nellie would never have lived if we had not heard of PSYCHINE. We shall be pleased to answer enquiries at any time."

It's Safe to Ask a Mother

When you want to know the best remedy for the ills of children, ask a mother. She has had experience and knows whereof she speaks. That's why Canadian mothers are unanimous in declaring that coughs, colds, croup, whooping-cough, tightness of the chest and similar ills, there is nothing to equal COLTSFOOTE EXPECTORANT.

A Comfort for Baby

"I am greatly pleased with the good results we got from COLTSFOOTE EXPECTORANT. I get great comfort with it for my baby."—Mrs. Walter Hammond, 171 Argyle St., Toronto.

A Splendid Medicine

Mrs. J. Lloyd, of Victoria, Ont., says:—"Having used your COLTSFOOTE EXPECTORANT I consider it a splendid medicine for coughs or any throat or lung trouble. Would not like to be without it in the house."

Lady Says It Saved Her Son's Life

"I have used your COLTSFOOTE EXPECTORANT with the greatest satisfaction with my children. It is a wonderful cure for colds and sore throat. I believe it saved the life of my little son, who was very sick from a protracted cold on his lungs."—Mrs. Annie Brambler, Orangeville, March 15, 1907.

Four in a Family

"I have used COLTSFOOTE EXPECTORANT with very excellent results. Last winter my two little grandsons, who are living with me, used quite a few bottles when they had sore throat and frequent coughs, and I can safely say that they were both cured by its use. Early this spring my little granddaughter was taken down with a severe cold also, and with frequent doses of COLTSFOOTE EXPECTORANT she soon recovered. My daughter has also used your remedies with good success."—Mrs. Waring, 43 Portland St., Galt.

Good kidneys are a first necessity of good health. They are the filtering basin of the blood. If they do not do their work and do it well the poison and impurity of the blood will be carried to

every part of the system. Healthy Kidneys are, therefore, essential to a healthy body

Most Common Forms of Kidney Troubles

The most frequent forms of kidney troubles are pain in the back, Urinary Troubles, Rheumatism, Sciatica, Dropsy, Diabetes and Bright's Disease. Of these the last named is the most fatal, in fact many doctors still claim that Bright's Disease is incurable. But Bright's Disease has been cured and can be cured by DR. ROOT'S KIDNEY AND LIVER PILLS. Bright's Disease is the most advanced stage of kidney disease, and is easily guarded against if anything like proper precautions are taken. If you cure your pain in the back, which is one of the earlier forms of kidney disease, with DR. ROOT'S KIDNEY AND LIVER PILLS you will never have Bright's Disease. Always remember that an ounce of prevention is worth a pound of cure. Watch your kidneys. Keep them strong and healthy with DR. ROOT'S KIDNEY AND LIVER PILLS and all will be well.

Weak, Nervous and Run Down

I will always continue to recommend Dr. ROOT'S KIDNEY AND LIVER PILLS. My daughter-in-law has also used these pills with beneficial results."

BOY'S FINGER SAVED

Blood Poison Arrested

There is nothing so deadly in its operation as Blood Poison and yet how subtly and unsuspecting it commences its work. First a tiny scratch or wound, not enough to demand attention. Then a little redness followed by a tiny red streak which rapidly broadens and travels upwards. The doctor is called in. The wound is lanced, but in nine cases out of ten mortification has set in and amputation is necessary in order to save the life of the patient. Ernest Bartlett, of 31 Northern Place, Toronto, just escaped this. He had a terrible finger. This is his story:—"I accidentally knocked the joint of my finger and it turned to blood poison. I tried lots of remedies but the hand got worse. Finally I secured a sample of CUROL. This did so much good that I bought a 25c. box, and in five days the wound was doing nicely and finally healed. Had I used CUROL earlier it would have saved me a lot of suffering. I certainly advise everyone to use CUROL for all sores and injuries."

THIS IS THE CUROL WAY

CUROL works in harmony with the laws of nature, which are based upon common sense. If we would study nature we will find that cleanliness is the first step toward healing. A child hurts a finger and invariably places it in its mouth, and thus unconsciously aids nature in the cleansing process. The lower or animal kingdom by licking a wound also teaches us this great lesson of cleanliness. It follows, therefore, that to bathe a wound with clean warm water is a necessity.

This is a part of the Curol treatment. It opens the pores and assists nature in throwing off the impurities which have collected. But water alone is not sufficient. The air is full of microbes all too ready to enter the body through the broken and lacerated tissue. They commence their deadly work immediately upon entry and develop ugly sores and even blood poison, which makes amputation a necessity, but often proves fatal.

A timely use of CUROL prevents all this—being an antiseptic it kills off the microbes and starts on its great work of healing and building up of the tissues.

All Druggists and Dealers Sell CUROL 25c. Box.

MRS. G. S. GESNER.

DOCTOR CHANGES HIS MIND!

In the year 1890, 18 years ago, Mrs. G. S. Gesner, of Belle Isle, N.S., was in a sad condition. All her relatives had died of consumption, and there was every indication that she was going the same way.

At this point her husband suggested to try PSYCHINE. The doctor who attended said PSYCHINE was worthless; but it effected a wonderful cure. Eighteen years after in a letter bearing date August 14, 1908, Mrs. Gesner says, "I am better than I have been for years. My lungs have not troubled me since I took your treatment. **My physician told me I could not take a better tonic than PSYCHINE, and I recommend it to all who are suffering from Lung Trouble and General Debility.**"

Catarrh of the Stomach

Mrs. Beckstedt, Chesterville, Ontario, writes: "Some years ago I was greatly troubled with indigestion and catarrh of the stomach (the after effects of la grippe), was very weak and greatly run down generally. The use of PSYCHINE brought a marked improvement and was just what I needed. I can cheerfully recommend PSYCHINE, and will do so upon all occasions."

HAIR-DRESSING.—Is a sign of danger. If a woman dreams she is dressing the hair of a lady, it brings bad luck to herself; if her hair be dressed by another person, she will marry and become rich.

HAND.—If you dream that your right hand is injured, or anything is the matter with it, it shows that you will soon be called upon to assist a friend in distress. If it is your left hand, assistance will be solicited from you for an unfortunate stranger.

HORNS.—To see horns on the head of another person, danger to the dreamer; on your own, wealth and importance.

HONEY.—Pleasure and a happy life.

HORSE.—To see horses in your dreams is good. To dream of a wagon, good luck.

VOICE GAVE OUT

Thomas P. Macdonald, a prominent singer of Teeswater, says: "Six years ago I became a victim to La Grippe and had it in its worst form. The attack was unusually severe, and left me in terribly bad shape. I was utterly prostrate; weak, and run down entirely. My voice also completely gave out, and my lungs seemed to be seriously affected. People who knew me thought I was not long for this world."

"One day I saw in the paper what PSYCHINE had done for others and thought I would give it a trial, so I sent for a sample bottle. This gave me immediate relief, and helped me so, that I determined to keep on with it at all costs, and in spite of what the doctor had said. In a short space of time I was completely restored, and my voice was soon in grand shape again. They used to tell me that a breath of wind would blow me away, I had got so thin, but PSYCHINE built me up in no time; I am a pretty solid specimen of humanity to-day, having gained in weight and put on flesh all the time."

Stop that cold or the results will be serious. You can do this by toning up the system with PSYCHINE.

No Home Should be Without Psychine

It prevents the children taking cold, wards off that terrible malady, La Grippe, and completely fortifies them against disease. It should always be used for colds, weariness, loss of appetite, etc.

A Few Words from Grateful People

Toronto, May 10th, 1909.

I want to tell you how much benefit I have derived from the use of Murine in my eyes. I wore glasses for over five years, and was troubled with weak eyes and a double astigmatism—was at times confined to house and darkened rooms until, through the suggestions of a friend, I began applying Murine Eye Remedy to my eyes. I was relieved of all eye pain after the first day's treatment, and within a month found I could do without my glasses.

I have now used Murine whenever my eyes felt bad, for over four years. During this time I have not worn glasses at all.

All this I owe to the use of Murine.

Accept my thanks for the very handsome and convenient toilet bottle. It is very fine.

Very truly yours,

Asst. Mgr. King Edward Hotel, Toronto.

"I beg to tell you what Murine Eye Remedy has done for our two children. I went down to the Drug Company at Wrangell, Alaska, a distance of 150 miles, to get this medicine.

"I bought two bottles of Murine, and after using one and one-half bottles the child's eye was well, but the pupil was smaller than that of the other eye, but we continued to use Murine until the eyes were alike, and are now as bright as any children's.

"A few months ago our baby was born, and as we did not have a physician or nurse to give it proper care, his eyes were affected in the same way, but this time we knew just how to take care of them, with Murine. We are as thankful for this valuable Murine Eye Remedy as father or mother can be for restoring the sight of so precious a member as the eye of their children."

There is no secret as to what is contained in Oxomulsion, though the method of preparation is beyond the limitations of the ordinary handler of medicines. Oxomulsion contains:

Pure Cod Liver Oil,

Glycerine,

Guaiacol,

Rum.

Cod liver oil was used in England as early as 1766, and has come to be one of the most generally used remedies for all wasting diseases, of which the most fatal is consumption. Some consider it merely as a nutritive agent, while others contend that, owing to some principle it contains, it exercises a stimulating and altering influence on the process of assimilation and nutrition, thereby causing the production of healthy tissue, instead of the impoverished material deposited by the blood in scrofula, consumption and other wasting diseases. Price 35c. and \$1.00 per bottle.

What a Well-known Toronto Doctor Says

"I have had ample opportunity of judging the value of OXOMULSION. It accomplishes more than can possibly be obtained from plain cod liver oil; it is pleasant to the taste, and agreeable to the weak stomach, and rapid of assimilation. In recommending it there is no danger of the patient possessing himself of an imperfect emulsion. Under all conditions it remains sweet and without separation or rancidity." D. A. McPherson, M.D., Toronto, Ont.

There are times when a choice has to be made between following the advice of a physician and taking the responsibility of using PSYCHINE without or in opposition to his advice.

PSYCHINE has cured more people of difficult and complex diseases than all the doctors combined, and you have the assurance that you will be perfectly justified in taking PSYCHINE instead of any physician's advice, and contrary to it. The physician that prescribes it is either out of date or ignorant. TRY PSYCHINE NOW.

brightest of prospects to be suddenly stricken down in the midst of it all. His physician had pronounced his case hopeless (and, indeed, set the example that he would likely pass away), and observing pretty closely his condition that PSYCHINE, which I had used in my own family with wonderful results, might benefit him. I strongly recommended it to him, and he began its use. The result was truly wonderful. Almost immediately he began to improve and soon was able to be out again. He apparently regained his old health and was able to take up once again his old duties on his large farm and to perform them with comparative ease and comfort. The improvement was permanent, and he is to-day apparently just as well as ever. He gives all the credit for his recovery, under God, to PSYCHINE."

WHAT THE DRUGGIST SAID: "Mr. Gairbraith obtained his supply at my drug store, saying from time to time that it had done him good. In his case and noted a steady improvement. Altogether I sold him about a dozen bottles. PSYCHINE is having a big run here, and so far as I know is always used with success." Ralph E. Scott, Druggist.
